

9 ARMIES CONVERGE ON BERLIN

WORLD MOURNS ROOSEVELT

FRANKLIN D. ROOSEVELT

BODY RESTS IN EAST ROOM OF WHITE HOUSE

The body of Franklin D. Roosevelt, late President of the United States, lay in the East Room of the White House in Washington for funeral services at 4 p. m. Saturday, April 14, 1945.

The funeral train from Warm Springs, Ga., arrived in the capital at 11:14 a. m. Saturday and the body of the president was borne through the streets of the city to the White House where for 12 years he had lived as President. The world mourned his passing. No man in history has been so universally mourned as the late President who died at the little White House on Pine Mountain at 3:45 p. m. Friday, April 13, 1945, central war time.

The walls of the East Room were banked with flowers but no flags were on display. At 4 p. m. Rev. George Anthony, Episcopal minister, began the funeral services. Attendance at the funeral services were restricted to President Harry S. Truman and Mrs. Truman, members of the Supreme Court, the Cabinet, the Diplomatic Corps, the immediate family and close personal friends.

The body of the President will be taken to Hyde Park, New York and there interred in the garden of the President's home at 10 a. m. Sunday, April 15, 1945.

All along the route of the funeral train Friday and Saturday to Washington hundreds of thousands of Americans stood with bowed heads in tribute to the man who became the symbol of liberty and freedom. Not since the martyred Lincoln's body was borne out across the prairies to Springfield, Ill., has a nation seen such an outpouring of mourning. From every corner of the world came messages of sorrow. Leaders in the Allied Countries, soldiers and sailors on duty in the far outposts of the war in a common expression of sorrow told of the world tragedy in the passing of the President.

Mr. Roosevelt, 63, had served only a small portion of his fourth term in the White House. He was the champion of the common man, a great liberal who inspired men everywhere with hope in the darkest hours the world has ever known.

Kenneth R. Nabours Arrives in Portland; Is Coming Home

Kenneth Rex Nabours, Seaman First Class, United States Navy, has arrived in Portland, Oregon, after more than a year in the South Pacific battle area.

A telegram received here late Saturday said he would be home in a few days. He is the son of Mr. and Mrs. Homer Nabours of Cameron and one of two sons in service, the other, Sgt. Bob H. Nabours with the Canadian army.

Kenneth is coming home for the first time since entering the Navy on November 29, 1943.

Mrs. Henry Havlik of Cameron is seriously ill in a Temple Hospital. Her many friends wish for her a speedy recovery.

War Finance Rally is Attended by Over 100 Community Leaders

Milam county's 7th War Loan drive was formally organized here Wednesday night in what was the largest attended meeting ever held in connection with the War Finance program.

Dan Tyson, County War Finance Director, in his address to the assembled workers and leaders, declared it was a most encouraging turnout, the largest yet, with more than 100 people present. The meeting was held with a dinner at Cato's Cafe here.

The purpose of the meeting was to organize the work of the 7th Loan drive which gets under way very soon.

Oxshier Smith, District Treasury Director explained the issues of bonds to be offered. This loan will emphasize E bonds, some 60 percent of the seven billion total to be bought by small investors.

Quotas were fixed on the basis of the 6th war loan with the exception that the necessary increase was made. On motion of E. A. Camp of Rockdale, seconded by H. B. Pressley of

Hoyte, 60 percent was added to the quotas.

Each community will select their own Chairman. This action was authorized when T. B. Ryan, Rockdale banker, moved to have this declared. J. M. Boehner asked that women be added to the committees in each community.

The names of those who buy bonds in this vital war loan will be published in newspapers. The amounts of purchase will not be published. This was announced after the meeting had approved the motion made by E. A. Camp who commended the newspapers for their share in the success of the war loans.

A meeting will be held on May 9th at which time reports will be made on the sale of bonds. The place of the meeting has yet to be announced, according to Dan Collins who was named Secretary.

Mr. Tyson announced that E. C. Cole and Albert Collins will serve as co-chairmen for the City of Cameron.

TRUMAN BIDS FOR UNITY

PATTON AND HODGES ARE MADE 4 STAR GENERALS

President Harry S. Truman moved out Tuesday to assume a role of leadership in world affairs making a splendid gesture of co-operating by stating that he will be glad to confer with heads of nations and named Gen. Charles DeGaulle who refused to meet the late President Roosevelt in Algiers.

The President said he will not lift the ban on horse racing nor suspend the curfew. He has no plans to change the cabinet he said. He has nominated John Wesley Snyder to succeed Fred Vinson as War Mobilization Director.

President Truman sent to the Senate nominations to give a Four Star Rank to General Courtney Hodges of the First Army and General George Patton of the Third Army.

The war picture was one of bitter fighting as the Germans stiffened

their resistance but the Allies were moving forward slowly.

The 7th Army under General Alexander M. Patch has taken Nuremberg and Leipzig has been encircled where 40 thousand Nazi troops are in a fight for life.

The Paris radio shortly after noon said that General Patton's Third Army had linked up with the Red Army.

Winston Churchill wept in St. Paul's Cathedral in London as he paid a tribute to the late Franklin D. Roosevelt at a Memorial service. Mr. Churchill said he had received a message from President Roosevelt on the day of his death and in all has received 1700 messages from the late President. He said that Mr. Roosevelt's mind was as clear and strong on the day of his death as at any time in his long and active public career. Words for the first time failed the great and eloquent Churchill.

Mr. Roosevelt, said the Prime Minister was the greatest friend the British commonwealth ever had.

MRS. E. M. CASEY IS DEAD AT HOME HERE

Mrs. E. M. Casey, 79, pioneer, and a native Texan, died at her home in Cameron Saturday, April 14, 1945, at 3:30 a. m.

She had been ill for several months. Mrs. Casey was born November 11, 1866, in Bell County, but had been a resident of Cameron and Milam county for many years.

Funeral services were to be conducted by Rev. C. W. Sanders, pastor, at First Baptist Church in Cameron, Sunday, April 15, 1945, at 2:00 p. m. Interment will be made in the cemetery in the Cyclone community in Bell county. The body will remain at the Marek-Burns Funeral Home until the funeral hour on Sunday.

Pall bearers will be her grand sons.

Surviving are the following children: Mrs. Don Slocumb, Mrs. W. B. Skelton and Mrs. John Sprayberry of Cameron; and Earl D. Casey of Temple. One brother J. P. Linley of Oakville in Live Oak county, and one sister Mrs. Minnie Casey of Calif. A number of grand children also survive.

Mr. and Mrs. Frank Malovitz of Buckholts were Cameron visitors Tuesday.

THEODORE GASTON SHAW DIES IN DALLAS HOME

Theodore Gaston Shaw, 58, died at his home in Dallas Thursday, April 12, 1945. He was a native of Cameron and was reared here until a young man.

Mr. Shaw was the son of the late Dr. E. N. Shaw, pioneer physician of Cameron. The late Dr. Shaw operated the first hospital in Cameron.

Funeral services were held Monday morning, April 16, with burial in Laurel Lane Memorial Park cemetery in Dallas.

Surviving are his widow and daughter Miss Sue Alice Shaw and four sons, T. G. Shaw, Jr., Edward N. Shaw and Clarence Gable Shaw all of Dallas. His mother, Mrs. E. N. Shaw survives as do two sisters, Misses Dora and Sue Shaw of Eagle Pass and one brother, Dr. E. N. Shaw of Houston.

Slain General Decorates Cameron Man

T-SGT. ERNEST J. SEBESTA RECEIVES MEDAL FROM GENERAL MAURICE ROSE

General Maurice Rose, late commander of the 3rd Armored Division in the Third American Army under General George Patton, who was slain by the Germans, is shown here pinning the Silver Star on T-Sgt. Ernest J. Sebesta of Cameron whose exploits are recited below in an official War Department news release:

SGT. SEBESTA IS HERO WITH PATTON'S ARMY

WITH THE 3RD ARMORED DIVISION IN GERMANY—Tech Sgt. Ernest J. Sebesta, 36th Armored Infantry Regiment, son of Mr. and Mrs. E. J. Sebesta, Cameron, has been awarded the Silver Star for gallantry in action during the fierce hedgerow fighting in Normandy.

His citation states that on July 9, 1944, while an enemy patrol infiltrated friendly lines and opened fire with machine pistols at fifteen feet upon a headquarters group and platoon, Sgt. Sebesta left his position of safety in a ditch by the side of a road and opened fire with his M1 rifle.

Though the enemy fire was overwhelming and at extremely close range, Sgt. Sebesta, from a standing position, fired 8 rounds from his rifle and succeeded in killing two of the enemy. The remainder of the enemy patrol fled and in exposing himself to the heavy enemy fire, Sgt. Sebesta undoubtedly saved the life of his company commander and platoon leads, both of whom were pinned down and unable to move.

Sgt. Sebesta entered the Service at Dallas, in June 1941, and was assigned to the 36th Armored Regiment of the now famous "Spearhead" Third Armored Division shortly after its activation at Camp Polk, La. Sgt. Sebesta, recently appointed First Sergeant of Company A holds the coveted Combat Infantryman Award for outstanding soldiering with the Third Armored Division since Normandy.

Silver Star Award Is Announced for T-Sgt. Ernest J. Sebesta

To T-Sgt. Ernest J. Sebesta, son of Mr. and Mrs. E. J. Sebesta of Cameron, has been awarded the following medals: The Purple Heart, and the Silver Star, for gallantry in action. Both medals have been received by his parents.

T-Sgt. Sebesta's division commander, General Maurice Rose, was recently murdered by the Germans and before his death pinned the Silver Star on Sgt. Sebesta.

Sgt. Sebesta is a veteran of the famous 3rd Army and is also wearer of the Combat Infantry Badge. Born and reared in Cameron, Sgt. Sebesta volunteered in 1941, and was

LT. GILES C. AVRIETT

LT. GILES C. AVRIETT RELATES EXPERIENCES

AN EIGHTH AIR FORCE BOMB STATION, England—First Lt. Giles C. Avriett, 28, who was born and reared at Cameron, now the adjutant of a B-17 Flying Fortress bomb squadron, is pictured in the flying clothes he wore as an Eighth Air Force heavy bomber pilot.

Flying with the 34th Bomb Group, Lt. Avriett has participated in more than 30 heavy bombardment missions over Germany and Nazi occupied Europe as the pilot of B-24 Liberator. He has taken part in aerial assaults on a variety of objectives, ranging from enemy airfields, railroad yards and front line positions. Industrial targets at Kiel, Poland, Hanover and Saarbrücken are among the well known Nazi strong points which the Texas airman has had a part in bombing.

In recalling the highlights of his combat experiences, Lt. Avriett revealed his greatest personal satisfaction came from the attacks on the Nazi troop positions at St. Lo and Caen. "Not long after our bombs had found their mark," he said, "the ground forces effected a big breakthrough and it caused me to feel especially big to have had a part in their advance."

The heavy bomber pilot holds the Distinguished Flying Cross for "extraordinary achievement . . . cool courage and skillful airmanship" and the Air Medal with three Oak Leaf

(continued on page four)

GERMANS SAY BLOODY BATTLES ARE LOOMING

The world would not have to wait long now before the battle for Berlin is under way. The Germans this morning said they would make of it the bloodiest battle in history.

Hitler from some secure place hurled out a fanatical tirade against the Russians, calling upon women, children and old men and what is left of the German army to give the Bolshevik hordes a bath in their own blood.

The German radio said that the Reds were in 12 miles of the Capital.

British newspaper flared up with atrocity stories as hundreds of thousands of Allied prisoners of war were being liberated from German torture camps.

In many areas German civilians were being marched into the torture areas to see the wasted bodies of Americans and Russian and British captives; to see their bodies hanging from military gallows and the burned bones and ashes from their cremated bodies.

It is now certain that while some Germans try to blame the Nazi, in fact it has been German people themselves who have stood by and condoned these crimes.

ERNIE PYLE KILLED ON OKINAWA ISLAND

Ernie Pyle, noted war correspondent and author, has been killed on Okinawa, it was disclosed at noon Wednesday.

Pyle recently left the United States aboard an escort carrier to cover the Pacific war and to be with the men in the navy. He had spent a major part of the current war in Africa, Italy and in France.

President Harry S. Truman issued a statement Wednesday in which he disclosed that he had sent a message of condolence to Mrs. Pyle who lives near Prescott, Arizona. The President said: "No man has so well told the story of the American fighting man as the American man wanted it told."

Cameron admirers of Pyle are reading his current book "Brave Men." He was 44.

PFC. ROY REYES LOST IN JAP SHIP SINKING

Pfc. Roy Reyes who was made a prisoner of the Japs when the fortress of Corregidor was surrendered in 1942, lost his life when a Japanese ship on which he was being transferred was torpedoed and sunk off Mindanao in the Philippines.

Mr. and Mrs. John J. Reyes, parents of Pfc. Roy Reyes, have been notified by the War Department that their son lost his life. Pfc. Reyes lost his life on September 7, 1944, while a prisoner and being transferred. He had lived through many months of horrors in Jap prison camps only to lose his life at sea.

The ship was sunk as the Japs were transferring 650 prisoners of war. The ship, according to the War Department, was sailing from the port of Davao about two miles off the southwestern shore when sunk. Only 83 of the men were rescued.

According to expression from Mr. and Mrs. Reyes their son along with others was machine gunned by the Japs after the ship had been sunk. "The only thing we regret," said Mr. Reyes, "is that all these heroes who gave their lives for humanity so that we may live in peace, and from fear and want, did not have a chance to defend themselves. So our son died as he stood in the unbroken line of patriots who have dared to die that freedom might live and grow and increase in its blessings."

Pfc. Reyes volunteered on the 7th day of February 1941. He had won the Purple Heart and was with the Coast Artillery. He was taken prisoner at the same time Cpl. Alfred A. Simecek, was captured on Corregidor.

WILL CHART AMERICA TO WORLD CO-OPERATION

President Harry S. Truman in his first address as President of the United States, told the Congress, the people and the world that there will be no deviation from the policies laid down by the late President Roosevelt either in the conduct of the war or the determination to achieve a lasting peace.

President Truman expressed a strong determination to carry on, demanding a World Security League to which the United States will be an adherent and assured the world that Germany and Japan will be defeated in such way that no vestige of their evil plan to dominate a world of free men, will remain. Unconditional surrender, he said is the only basis on which the war may be concluded.

The President said that the war guilt will be punished, even though we must pursue them to the ends of the earth.

Mr. Truman departed at one point in his speech which concerned the war and foreign policy, by saying that

America has achieved a social order worthy of our heritage and he wished to assure the people that there will be no let up in efforts to improve the living conditions and economic advancement of the common people.

He called upon Congress to strengthen his hand in the world and entered a plea for co-operation. "No pilot can bring his ship safely into port without the help of the crew," he said. The President was given a tremendous ovation and his address, scarcely more than 20 minutes in length, was frequently interrupted by applause. Mr. Truman is very popular with members of Congress.

The President told the Allied nations that the United States is determined to take and keep her place in an orderly world. To achieve a lasting peace will require world co-operation and force if need be to put down aggression in the world. It was a fighting speech, a declaration for progress and no departure from the path down which the late President Roosevelt had charted his country and inspired people all over the world to expect justice and freedom.

The President named the key military and naval commanders and said

they would not be changed but given every ounce of American support to bring the war to a triumphant conclusion and unconditional surrender of Germany and Japan.

KNIGHTS OF COLUMBUS INDORSE PLAN BOARD

The Knights of Columbus has given an indorsement to the Cameron Planning Board in a unanimous vote taken at a recent meeting.

John C. Andres, Recording Secretary of the Council, has written a letter to the members of the Planning Board to convey the vote of confidence of the council.

"At our meeting the writer was instructed to convey to you their unanimous vote of confidence by indorsing the splendid work and the progress already accomplished, thus far in post-war planning for the city of Cameron and our community."

"We realize and appreciate the great sacrifice of time and effort necessary from your business and home to do this work. There will be undue criticism and an unappreciative attitude among a few. May we urge you to continue, and be not discouraged, as we offer our every assistance to you in your successful completion of plans for a better Cameron."

Mr. and Mrs. Ernest Lorenz of Ben Arnold shopped in Cameron Monday.

Mr. and Mrs. Francis J. Ronghausen and two daughters of Port Arthur have returned home after spending a few days here with her father Wm. R. Rogers.

Canning Sugar Now Available for Homes

Homemakers who want sugar to can berries and other fruits coming to market soon, may get applications for canning sugar rations at their grocers.

This announcement came today from Sam Perry, chairman of the Milam county war price and rationing board. Mr. Perry stressed the need for care in filling out the applications (form R-341) so that they can be processed and certificates issued promptly.

"It must be borne in mind by everyone that the supply of canning sugar to be rationed this year totals only 700,000 tons nationally," Mr. Perry said. "Only those who expect to can fruits and vegetables will be allowed the sugar this year and limits have been placed at 20 pounds for each person, with a limit for any one family of 160 pounds. No special 'sugar' stamp in War Ration Book IV will be validated this year for canning sugar purchase."

The board chairman declared few families should expect to receive certificates for as much 20 pounds for each member, since in the case of large families this would normally be more sugar than is needed for the fruits to be canned.

"Every application must be accompanied by the No. 13 spare stamp from War Ration Book IV," Mr. Perry explained. "We will accept applications any time after March 5. Those who are uncertain as to how much sugar they will need this year may make application for the quantity needed for current fruit canning and later in the season make a second application for peaches, pears and later season fruits. No more than two applications will be accepted from any individual."

Mr. Perry explained the supply of sugar for 1945 will take care of all declared "that it what our board needs if it is rationed carefully and members propose to do. All applications will be examined carefully and

only that sugar which the application indicates is necessary, will be allowed."

Cpl. Lewis S. Smith Arrives in England

A U. S. STRATEGIC AIR FORCE STATION IN ENGLAND—Cpl. Lewis S. Smith, the husband of Mary Frances Robbins Smith of Rockdale, recently arrived in this war theatre of operations and received a brief orientation course at this station designed to help him adjust himself to life in a combat zone.

Cpl. Smith will soon transfer to his permanent station from which America's fighting planes cover our advance into Germany.

Prior to entering the Army Air Forces, he was employed by the Clarksburg Casket Co. in Clarksburg, W. Va.

Pvt. Frank Nemec of Fort Sam Houston visited friends in and around Cameron over the week end.

Program for Observance of Victory Day in Europe Announced by Chamber of Commerce; Stores to Close and People to Give Thanks

The following program to observe Victory in Europe is announced by the Chamber of Commerce in co-operation with the Cameron Pastors Association, and after consultation with business men and citizens to arrive at unanimous agreement:

1. If the war in Europe ends at any time in the forenoon all business houses will close and the people will join in Thanksgiving Services at First Methodist Church at 3 p. m.

2. If the war in Europe ends at any time between the hours of noon and 5 p. m. all business houses will close and the people will join in Thanksgiving Services at First Methodist Church at 8 p. m.

3. If the war in Europe ends at any time after 5 p. m. all business houses will close and the people will join in Thanksgiving Services at First Methodist Church at 9 a. m.

The Pastors Association has arranged a program of Thanksgiving which includes short addresses by representative business men and civic leaders.

At St. Monica's Catholic Church Rev. George J. Duda, pastor, announced that if the war ends after 8:15 a. m. Mass will be held at 8:30 p. m. and if the war ends at night Mass at 8 a. m.

Mayor Chas. C. Smith has arranged that the end of the war in Europe will be proclaimed by the sounding for several minutes of the fire alarm siren.

The end of the war in Europe may come either by unconditional surrender of the enemy or by proclama-

The Cuppers Have a Dream Come True

Dee and Jane Cuppers used to say that as soon as the children had flown the roost, they were going off together on a second honeymoon... take a trip... or rent an apartment in the city.

So after little Sue got married, I stopped in to say goodbye. Dee was sitting in his favorite chair before the fire, sipping a mellow glass of beer. And Jane was busy with her knitting, just as always. They looked about as restless as the tabby cat on the hearth.

"Jane and I figured," Dee explained, "that you couldn't beat

being at home alone together, with our own things—talking and reading—enjoying my glass of beer, and Jane her buttermilk—living and letting live. I guess you can't beat home!"

From where I sit, Dee's had a better dream come true—the dream of peace and tolerance and understanding that we all are fighting for, and praying for, today.

Hard and cruel have been the lives of young ones in war-torn countries. Children like these—30 million of them—are hungry, homeless, nearly naked. Deaths from exposure are often as many as deaths from starvation. Tuberculosis and typhus run rampant among them.

Never will their brave hearts forget the horrors of war. Never will their grateful hearts forget your gift of the clothing they so sorely need—clothing which now hangs unused in your closet—or reposes forgotten in your attic.

And remember, these pitiful children of today will be our proud partners of tomorrow in keeping the permanent peace we are all fighting for! Isn't their everlasting friendship worth your spare clothing?

America must help clothe about 125 million men, women, and children in Europe alone. This month, America must collect 150 million pounds of serviceable used clothing to take care of part of their needs.

Some of that clothing must be yours—as much as you can spare.

Will you do your share today?

What YOU Can Do!

- 1 Get together all the serviceable used summer and winter clothing you can spare. This includes: Men's, women's, children's, and infants' wear, and shoes. Overcoats, topcoats, suits, dresses, shirts, skirts, jackets, pants, work clothes, gloves, underwear, sleeping garments, robes, sweaters, shawls, and all knit goods. Also blankets, bedclothes.
- 2 Take your contribution to your Local COLLECTION DEPOT now or arrange to have your LOCAL COMMITTEE collect it before April 30th.
- 3 Support your Local Committee not only with your clothing contribution but also with your time, effort, and energy.

MAJ. WM. G. GILLIS AWARDS ARE PRESENTED

The Silver Star and the Bronze Star have been posthumously awarded to Major Wm. G. Gillis who was killed in action in Germany in late 1944, while leading a Battalion of men in combat.

Mrs. Lenore R. Gillis, widow of the late Major Gillis, has received official copies of the Citations signed by General J. A. Ulio, Adjutant General of the Army, reciting in some detail the action in which Major Gillis won the coveted decorations. The Silver Star is the army's second highest decoration.

Major Gillis was the son of the late Judge Graham Gillis and Mrs. Lula Chambers Gillis who resides in Cameron. The awards are made by direction of the President. The family elected to receive the awards by mail and no public ceremonies were held.

Here are the citations regarding Major Gillis' heroic action on two separate occasions while in combat:

BRONZE STAR MEDAL

"For heroic service in connection with military operations against an enemy of the United States, in the vicinity of * * *, on 27, 28 and 29 of September 1944. On 27 September the First Battalion, * * * Infantry, was attached to the * * * Infantry Regiment engaged in defending the attenuated line along the northeast edge of the * * *. This battalion, commanded by Major Gillis, was committed on the right flank of the line, with the mission of regaining ground lost during the initial phase of the defensive operations. For a period of two days, until he was killed by enemy mortar fire while in the area of one of his front line companies, Major Gillis led the attack of his battalion with tireless energy, inspiring his troops by his constant presence at the front, and displaying sound tactical judgment which resulted in repulsing numerous German counter attacks and in regaining much of the ground previously relinquished."

SILVER STAR

"For gallantry in action during the period 10-12 August 1944, in the vicinity of * * *, France. Upon assuming command of the First Battalion, * * * Infantry on 10 August 1944, Major Gillis was assigned the mission of taking high ground near

* * *, and making contact with an infantry battalion that had been isolated in that area for 5 days. He led his battalion to the base of the high ground, and although cut off by strong pockets of enemy resistance, brought supplies and equipment to his troops by infiltration. After reorganizing his battalion, he led an assault that resulted in taking the objective on 12 August in the face of very strong enemy resistance, including tanks. He made contact with the isolated battalion, rendered medical aid and supplied such food as was available, and brought under American control all of the commanding high ground east of * * *. Throughout this action, Major Gillis, although himself wounded in the hand, accompanied leading elements of his battalion and inspired the troops under his command by his skillful leadership, tenacity of purpose, courage, coolness, positive action and utter disregard for personal safety."

George Thomas Graves, Jr., U. S. N. and his wife of San Diego, Calif., are spending several days in Cameron. They were called home due to the illness and death of his father, George T. Graves.

9TH ARMY TROOPS IN 57 MILES OF BERLIN

Units of the 9th Army under Gen. Simpson, a Texan, were within 57 miles of Berlin at noon Thursday.

The 22nd Division of the 9th Army had crossed the Elbe River in strength and had established a bridgehead some 15 miles in width on the west bank of the river.

German resistance was increasing. Heinrich Himmler issued an order that no city or town is to surrender and all who collaborate will be shot.

The 3rd and 1st American armies have combined and are rolling toward the Red Army which has been within range of Berlin for several months.

Secretary of War Henry L. Stimson said Thursday that 70 thousand American prisoners are living under horrible conditions in German torture camps.

Public Domain

The public domain in the United States includes about 175,000,000 acres of which about 23,000,000 acres are forest land.

INTER SQUAD FOOTBALL GAME FRIDAY NIGHT

Coach Leo Jackson arrived in Cameron Monday to resume work here with the football team. The spring season training will close here Friday night with an inter-squad game between the 60 hopefuls now working out under the new coach.

The squad has been divided into

two teams, the white and maroon. The teams are as near equal in strength as possible to get them. They have already played one game, the Whites winning 13 to 0. The Maroon team is out for revenge in the final game and the Cameron fans are cordially invited to attend. There will be no admission.

L. G. Tubbs of Houston visited relatives and friends in Cameron this week. Mr. Tubbs is a former resident of Cameron.

Clean Broom

A new broom sweeps clean—so does a clean broom. To keep a broom fresh and clean, douse it in medium warm suds, rinse well and hang up by the handle to dry thoroughly. Put a few drops of ammonia in the suds when washing a very dirty broom. When the broom is not in use, hang it so that the straw does not rest directly on the floor.

Dry Oven

Open oven door for few minutes after baking is done and heat turned off, to dry oven thoroughly.

CAMERON, TEXAS

Food For FREEDOM

Well do we remember the early program of food production when war came and the government turned to the farms of America for production.

The Farms did not fail, they won't fail in the present crisis. In this present year of 1945 you shall hear more and more about the Patriots of the Soil. The man who makes 10 acres of potatoes grow and digs for Victory and Freedom in the soil is as much a fighting man as the soldier who mops up the outposts in the global war.

Our job here in the farm country is not only to produce but to preserve what we produce.

CENTRAL PRESBYTERY SESSION HERE ENDS

Central Texas Presbytery in session here since 3 p. m. on Tuesday adjourned Wednesday afternoon after concluding a program of business and inspiration to more than 36 Elders and Ministers and a large number from the First Presbyterian Church congregation.

The first order of business on Tuesday was the election of officers for the Presbytery as follows:

Elder, Murphy Williams of Corsicana, Moderator; Rev. R. L. Solomon of Mart, Press Reporter; Rev. John C. Solomon of Cameron, Stated Clerk and Rev. Henry M. Bailey of Maysfield, Permanent Clerk.

The general impression among delegates is that the conference was most profitable and much important business transacted.

The Presbytery convened at 8:30 a. m. Wednesday and at 11 a. m. the Presbytery sermon was delivered by Hayden Streeter, pastor of the Presbyterian church in Marlin.

Among those at the Presbytery are two brothers, both ministers. Rev. John C. Solomon, local Presbyterian Pastor; Rev. R. L. Solomon of Mart. Another brother Rev. Charles W. Solomon is a Presbyterian minister at Wilson, North Carolina. All are native Texans, born at Haskell.

There are 31 churches in the Presbytery. Foreign missions, home missions and home problems of the Presbytery are discussed. Ballots were distributed for approval of the Presbytery on proposed changes in the rules on church order.

Ministers and Elders were guests of the local church for the evening meal. The high school choir sang 3 selections after which Rev. George Sullivan of Taylor brought the sermon of the retiring Moderator. Rev. Sullivan was also guest speaker Wednesday at Rotary.

The Lord's supper was administered by Dr. Gains B. Hall of Gatesville and Rev. R. L. Solomon of Mart, assisted by 8 Elders from the various churches in the Presbytery.

SGT. SEBESTA

(continued from page one)

inducted in Oklahoma, assigned to a branch of the 3rd Armored Division, he received training at the following camps: Camp Polk, La., Camp Young, Calif., Camp Pickett, Va., and then embarked for overseas duty.

He landed in England where he received more training and entered the fighting in the invasion, and on through France where he was wounded and received the Purple Heart and was cited for military merit.

In November of 1944, he was given a short leave which he spent in Paris, France. Sgt. Sebesta wrote interestingly of the famous city and its buildings and sent home small souvenirs of his visit.

Going back into action he won the Silver Star for gallantry in action.

The Silver Star is the second highest Army decoration. A veteran of many hard fought battles under the capable leadership of Commanding General, Maj. Gen Maurice Rose, and the famed leader of the 3rd U. S. Army, General George Patton, Sgt. Sebesta is looking forward to the day when he can return to Cameron and be with his many friends. He sends his best wishes.

Sgt. Sebesta has served 18 months overseas, making a total of 3 years and 9 months of service in the United States Army.

Wool Blankets

Proper care and laundering can appreciably lengthen the amount of service you will receive from wool blankets and will help make them last until normal production for civilians is again resumed. Because dirt is one of the most important causes of destruction of household textiles, frequent airing and cleaning of blankets are recommended as needed. They should be aired several times a month. A third sheet over wool bedding makes a useful dust cover and adds to warmth, since it holds still air in the fluffy wool. Wool blankets, if soiled, should be washed every two or three months in a suds made of neutral soap in soft, lukewarm water, 100 to 110 degrees Fahrenheit. Use suction action or gently squeeze the suds through the blankets to remove soil (grime and dirt). If very soiled, washing in a second lukewarm sudsy water may be necessary. Rinse at least twice, or until all suds are removed, in water of the same lukewarm temperature as the wash water, then wring through a loosely adjusted wringer.

Unclean Instruments

Anaplasmosis in cattle, sometimes called yellow jaundice, is often spread by instruments used in dehorning and vaccinating. Carefully clean and sterilize clippers, saws, knives, needles, and other instruments.

Mrs. Bill Wiley of Cameron is visiting her sister in Waco.

Promoted To Captain

CAPTAIN GENE F. BLAKE

Capt. Gene F. Blake of Cameron has been promoted while on duty in Italy with a Railroad unit, it was disclosed here Tuesday by Mrs. Blake who is the former Miss Lucile Merchant of Franklin and who lives in Cameron with their son, Glenn, whom the father has not seen. He will be 2 years old in June.

Capt. Blake is the son of Mr. and Mrs. Fred G. Blake of Cameron, was a railroad man with the Southern Pacific lines before he was commissioned and entered service.

He first landed in north Africa and has been in Italy for more than a year and has never been home since he sailed for the battle zones in the Mediterranean theatre of war.

Offset Cold

Meals high in starches and sugars or in fats help offset the effect of cold weather on body temperature and on the coordination of nerves and muscles, it was found in experiments. Tests of the effects of diet at temperatures 20 degrees below zero were made with 12 volunteer human "guinea pigs." Eating three small meals at two-hour intervals during an eight-hour exposure to intense cold instead of one large meal during the period was found to increase the benefit of the diets. The decrease in body temperature due to the cold was reduced by two-thirds, in other words, the men were only one-third as cold by actual measurement, with the best diet of three high-fat meals as compared to one high-protein meal. The difference was noted in both internal and surface body temperature.

Cattle Losses

In 1940 the were 4,559 beef carcasses condemned as inedible under federal meat inspection for pericarditis — inflammation of the membrane surrounding the heart. Nearly all of such cases result from wires, nails, etc., entering the heart from the stomach. In 1943 there were 4,327 beef carcasses condemned for pericarditis—a loss of approximately \$350,000 for the year. In 1943 there were 616,481 beef livers condemned for abscess under federal inspection, constituting a loss of approximately \$1,800,000. From recent observations on 2,042 cattle slaughtered in Chicago and Omaha, metallic objects were found in the stomachs of 679 or 30 per cent of these cattle, and short pieces of baling wire or nails were found penetrating the livers in 387.

Breed Bulls for Fight

A bullfight starts long before the fight itself with the breeding of the bull and the training of the bullfighter or "torero." Much time is dedicated to the care and selection of the animal which must be fierce and brave and present certain physical characteristics such as fine hide, upright ears, long tail and small, fine horns. As for the torero he must have "first of all an overwhelming desire to succeed in this field, for the road to fame is one of the hardest and cruellest of any sport. Absolute fearlessness is the most important characteristic of the bullfighter just as it is of the bull. Agility is also indispensable and a knowledge which is gained through many years of close association with bulls. From the small boys who grow up on stock farms generally spring the famous toreros, who have begun as children to practice with an old blanket. It is as common a sight as marbles in the United States to see small boys playing 'toro on the streets in Mexico.'

Share Gas Revenue

Gasoline taxes and motor vehicle registration fees, collected by all 48 states, are shared with their municipalities by 30 states, though in half a dozen instances the revenues are shared only with certain cities "performing county functions." Value of this sharing to municipalities in the 30 states is indicated by the fact that they received \$71,900,000 of so-called state "highway user" revenues in 1942 as compared with the total \$230,000,000 paid municipalities in all 48 states in 1942 as their share of all state-collected municipally-shared revenues from all sources, according to the American Municipal association.

Waterproof Paper

Waterproof cigarette paper can be made by coating the paper with dry aluminum stearate, using the method of a recent patent.

Revival Opens Sunday At Baptist Church

A five day revival will open Sunday at First Baptist Church under the leadership of Angel Martinez, evangelist.

Opening Sunday April 22, the meeting will close on April 26. There will be no morning services except on Sunday when the revival opens. All evening services will begin at 8 o'clock, so that many school children can attend.

Angel began preaching at 13 years of age and in 8 years is credited with 10 thousand conversions. He has just finished a youth revival in Waco. The pastor, Rev. C. W. Sanders and the church here urges all to hear this evangelist.

Clean Sink

Does your sink begin to look a little dowdy? Clean up the rust spots with a cut slice of lemon in places where the water drips. Better yet, repair the dripping faucet yourself. You can do it. If any part of the sink has chipped, repair with porcelain cement or glaze. It's so very important to keep everything in order so it will last for the duration.

Save Fuel

Use a time and temperature chart in baking—it saves opening over door and wasting fuel.

Pvt. Alton L. Fowler Serves in Italy

WITH THE 321ST B-25 GROUP OF THE 12TH AAF IN THE MEDITERRANEAN THEATRE — When the 321st B-25 Mitchell Bomb Group of the 12th Air Force recently announced the completion of two full years of combat operations, one of the men assigned to the group who helped observe the anniversary was Pvt. Alton L. Fowler, who is serving as aircraft armorer. His parents, Mr. and Mrs. F. D. Fowler, lives in Cameron.

Pvt. Fowler's group has flown combat duty in the Tunisian, Sicilian, Italian and Southern France campaigns and holds five campaign stars, as well as a War Department citation for distinguished service in battle.

Commanded by Lt. Col. Charles F. Cassidy, Jr., of Denver Colo., the 321st is currently engaged in the Italian campaign, particularly in cutting valley bridges and in the "Battle of the Bronner." So successful have this group and other elements of the 12th Air Force been that the rail line supplying the German forces from the north has been blocked to through traffic for more than 45 successive days.

VETERAN JOB SURVEY GETS UNDER WAY HERE

Jobs for returning veterans survey was under way in Cameron Thursday following a meeting of the Veterans Committee, it was announced by A. W. McCullin, President of the Chamber of Commerce.

Ralph A. Michalka, chairman of the committee, has selected his committeemen and named a vice chairman. Louis F. Gohmert, is vice chairman and the following are members of the committee: John Henderson, Lillian Atkinson, Albert Young, Richard Bush, Homer McLane, E. A. Perrin, Ann Stallworth, R. G. Graber, J. M. Boehner, O. B. Beasley, A. E. Matula, O. B. Horstmann and John C. Andres.

The committee will work on a city and county basis. Every business firm will be canvassed to determine what type of employe is needed and how many returning veterans can be placed. Full time or part time employment will be a part of the files set up in the Chamber of Commerce.

Mr. McCullin said the file will be kept up to date. Veterans should apply at Chamber of Commerce. Employers are urged to co-operate as well as the people, especially the families of returning veterans. All returning veterans who are not to re-enter a job they left when they went away, are urged to call at the Chamber of Commerce or see Mr. Michalka and list qualifications and desired employment.

Jobs listed for which employes are wanted can be ascertained from the files and men placed quickly.

Eliminate Vermin

The rat must have food and a place to hide. Remove these and you will eliminate the pest. Litter on or near the property provides harborage and should be eliminated. Open dumps and lumber piles are ideal places for breeding. Unfortunately it is a common practice to throw boxes and other junk off to the side and forget them. This combined with a nearby food source, perhaps a handy uncovered garbage can, provides the rat with an ideal environment and he moves in and raises a family. They then get the urge to move and decide to share your building with you.

Tommy and Richard Blake of Hearne are spending several days in the home of their grand parents, Mr. and Mrs. F. G. Blake.

Negro Women Are Thanked For Cookies

During the week before Easter the colored people of the Churches over the county prepared the cookies for McCloskey Hospital at Temple. Mrs. F. C. Fahrendorf, Chairman of the Camp and Hospital Council was high in her praise for the wonderful response that she received, and takes this method of expressing her thanks in behalf of the Camp and Hospital Council.

Alberta Banks was in charge of contacting the different churches and did a wonderful job. Mrs. Fahrendorf says the cookies were up to standard in every way. More than four thousand cookies were prepared by the colored women of Milam county that week and delivered by Mrs. Fahrendorf along with cut flower for the wards.

Mrs. F. G. Blake spent a few days in Houston this week visiting relatives and friends.

Mrs. Weldon Black of Port Arthur was severely injured by a dog which attacked her the first part of the week. She was resting well in St. Mary's Hospital. Mrs. Black is a former Cameron resident.

President Roosevelt Noted Need of Clothing In Congress Report

President Roosevelt in September of 1944, in his report to congress, noted the need of clothing among the peoples of war torn countries, in these words: "Millions of people do not have enough clothes to keep them warm . . . in occupied Europe almost as many people have died from exposure due to lack of adequate clothing as have died from starvation."

Thus did the late President leave with the world another example of his great humanitarian heart. Now that the United National Clothing collection is under way in Cameron, these words from the late President will serve to stimulate the organization and the people to greater efforts

in this drive.

Dan Collins, local chairman, reported Friday that great enthusiasm is being shown in this drive. In citing the need Mr. Collins said:

"Throughout war torn areas clothing is very scarce or threadbare and worn out. More than 125,000,000 people are in liberated or to be liberated nations of Europe which are in dire need of clothing. Of these more than 30 million are children. Because of the demands of armed forces and civilian needs, manufacture of clothing in the United States or other countries to relieve those distressed people will not get under way for some time. This means the needy men, women and children in war devastated countries must depend on the help of the American people."

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardul. If it helps, you'll be glad you did.

CARDUL
SEE LABEL DIRECTIONS

Their very LIVES depend on you:

THE VERY LIVES of multitudes in war-torn countries depend on the filling of their desperate need for clothing.

The demands of America's armed forces and civilian needs are so great that only a small amount of new clothing can be spared for overseas relief.

But all of us can spare some serviceable used clothing—to provide the 150 million pounds that must be collected this month for that purpose.

In the clothes closets and attics of America's homes is enough usable, spare clothing to help care for the 125 million men, women, and children—in Europe alone—who have

given all but life itself toward the same lasting peace we all are fighting for.

Let's get it out—and send it off—NOW!

What YOU Can Do!

1 Get together all the serviceable used summer and winter clothing you can spare. This includes: Men's, women's, children's, and infants' wear, and shoes. Overcoats, topcoats, suits, dresses, shirts, skirts, jackets, pants, work clothes, gloves, underwear, sleeping garments, robes, sweaters, shawls, and all knit goods. Also blankets, bedclothes.

2 Take your contribution to your local COLLECTION DEPOT now or arrange to have your LOCAL COMMITTEE collect it before April 30th.

3 Support your Local Committee not only with your clothing contribution but also with your time, effort and energy.

UNITED NATIONAL CLOTHING COLLECTION

FIRST NATIONAL BANK

ALLIED WORLD TENSE WITH EXPECTATION

The Allied world was tense with expectation Saturday as their armies rolled to the outskirts of the German capital in what appeared to be the last major thrust to crush the enemy.

The 9th American army under Gen. Simpson, a Texan, had made a second crossing of the Elbe river and had pushed ahead in the face of crumbling German resistance. It was said at noon the 9th Army may enter Berlin at any time.

Britain was tense with expectation.

The 3rd army under General Patton was clipping off a mile an hour and was within 38 miles of Dresden and 35 miles from the Czech border.

The Jap air fleet was practically wiped out Friday. A dispatch said that 1600 Jap planes had been shot down by American and British ships off the mainland of the enemy. This toll had been taken in 6 days.

The Imperial Palace in Tokyo is burning, following an attack by 300 B-29 American bombers.

The Red army was starting a final offensive on a 300 mile front to crush the Germans.

Pfc Herbert Brinkmann In American Hands After Being Captive

Mrs. Herbert Brinkmann received a V-Mail letter from her husband today, saying that he was back in American hands, after being a prisoner of the Germans. At the time he wrote he was in an American Hospital.

Pfc. Brinkmann stated that he was safe in American hands and was in the Hospital, and had not suffered any ill effects except to lose weight.

Pfc. Brinkmann and his wife have a young son born about two weeks ago. Her friends are rejoicing with her over her good news.

NOTICE

I you have not turned in your Easter Seal Sale money, please do so in the near future. Mrs. Grady Stidham, Chairman, for the Annual Easter Sale for Milam County is anxious to close the business and it is important that she have all the funds in at an early date.

Poultry Expert Comes To Cameron This Week

Joe Vanek, well known poultry man now with the Houston Milling Co., of Houston will be in Cameron all this week. He is brought to Cameron through the courtesy of the Arrow Feed Company, owned and operated by Ray Lester.

Mr. Vanek is acquainted with the methods of culling and will be glad to help with any poultry problem you may have. While in Cameron he will make his headquarters at the Lester Grain Company. Poultry raisers are urged to contact him for advice on your poultry problems.

PATTON'S TANKS ROLL TO BORDER OF CZECHS

The famed 90th Division of Texans and Oklahomans had severed Germany Monday and General Patton's tanks had reached to within artillery range of the Czech border just 8 miles away.

The war picture was heightened by a French army attacking the Bordeaux pocket where some 100 thousand Germans have been holding out as the battle lines pushed eastward a thousand miles.

The Germans were said to be hastily withdrawing tanks and men from the Oder river sector to thrust them against the American 9th army now at the approaches of Berlin. A great and final battle was shaping.

While Macow has made on reference to an offensive, the German radio said the Russians were under way on a broad front which means the attack on Berlin. A juncture with American forces was imminent. All armies were advancing. The

Reds were cutting straight for a forces to complete the arch around juncture in the south with Patton's besieged Berlin.

ATTENTION FARMERS

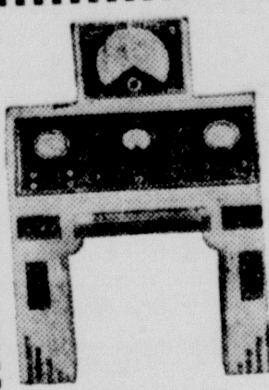

Make your own Bean Beetle Exterminator

On account of Gas and Tire Rationing we are releasing our Formula to the public. Bean Beetle Exterminator kills Bean Beetles, Cabbage Worms, all Flea Bugs on any and all Garden Vegetation instantly. Also all insects on Tobacco Plants in Bed or Field, including Worms. Kills Chicken Mites and Lice, Ants and Roaches. Also insects on Flowers and Shrubbery and is used for spraying Fruit Trees and Cotton. Is easy to make.

Ingredients can be bought in any drug store. Costs less than 6 cents per pound. Can be used in Wet or Dry Spray. Get this and help win the war by raising more food.

Club in with your neighbor and get this 3 formulas for \$1.00. Full instructions sent. Money refunded if not Satisfactory.

Hemovitometer

SPECIAL HEALTH CLINIC

Starting Friday, April, 20th and Continuing through Saturday, April 21st.

Do You Want Better Health?

If you aren't feeling up to par, if you are really ill, if you have searched everywhere for relief without success . . . let science help you out.

Here's a brand new, scientific, almost magic radionic discovery that aids in finding the cause responsible for your trouble. You will know what is the matter and how to correct it. Your blood pressure will be taken. Your heart and lungs will be examined. There is no pain, no surgery. You will be checked for dietary deficiencies and told what they are. You get a REAL physical examination scientifically—with the Hemovitometer.

Dr. M. Y. Lewis, expert technician with the Hemovitometer Co., Denver, Colorado, will be here holding this special scientific clinic.

MILAM THEATRE
SUNDAY, APRIL 15

So the city folks have done it! Well, WATCH OUR SPEED!

WORD comes from Washington that the fat-salvage problem has got to be licked in the small cities, the towns and on the farms.

We women have to save enough used fats in our kitchens to help make munitions, medicines, fabrics, soap for military and civilian use, and many other essentials.

The job, to date, has been done largely by city people, because arrangements for collecting the fats were made in the cities first. And these city folks are turning in more than twelve million pounds a month!

Now we're called on. And will the women on the farms and in the towns and small cities break that record?

Don't worry—just watch our speed!

HOW TO DO IT: Save all used fats in a tin can. Keep it handy to the stove. Scrape your broilers and roasting pans, skim soups and gravies, for every drop counts. Keep solid pieces of fat, as meat trimmings and table scraps, in a bowl.

Melt down once a week when your oven's going, add the liquid fat to the salvage can.

Take the can to your butcher as soon as it's full. He will give you two red points and up to four cents for every pound. If you have any difficulty, call your County Agent or Home Demonstration Agent. This message is approved by WFA and OPA, and paid for by Industry.

100,000,000 More Pounds Of Used Fats Are Needed This Year!

Miss Dorothy Matula Weds S-Sgt Vance Reed

Post Chapel No. 5, Camp Hood, at 7:30 p. m. April 7th, was the setting for the wedding of Miss Dorothy Matula, daughter of Mr. and Mrs. Joe G. Matula of Cameron, to S-Sgt. Vance W. Reed, son of Mr. and Mrs. A. Y. Reed of Tulsa, Oklahoma.

Chaplain H. S. Salmon performed the single ring ceremony before the candle-lit altar decorated with gladiola and snapdragons, while Mrs. Letrice Benedict softly played "Liebestrom."

Miss Ruth Harbuck sang "Because" and "I Love You Truly" with Mrs. Benedict playing the accompaniment. Miss Harbuck wore a rose crepe dress and Mrs. Benedict was dressed in a black suit. They wore white carnation corsages.

The bride, escorted to the altar by the bride groom, was attired in a light blue suit, designed with a high neckline, with silver tear-drops springled over the shoulders. Her accessories were white and she wore a salmon pink gladiola corsage.

Miss Evelyne Tincup served the bride as maid of honor. She was dressed in a white suit with aqua and white accessories. Her corsage was of white carnations.

Miss Patricia McGowan, another attendant of the bride, was dressed in a pale gold suit with black accessories and wore a corsage of white carnations.

1st Sgt. Ralph Goodbehere acted as the bride grooms best man, and

W. O. David Kesselman and Tech Sgt. Coy Wheeler served as ushers.

The bride has been employed at the Headquarters, Tank Destroyer School, Camp Hood, for the past two years as secretary in the Academic Records.

The bride groom recently returned from 31 months service overseas. Before volunteering for service with the army, he played professional baseball with various eastern leagues.

Following the ceremony, a reception was held in the home of Miss Tincup. After serving the wedding cake and coffee, the guests attended a party given at the NCO Club for the couple.

instead Wear

Clothing specialists offer these suggestions to make a woolen coat or suit wear longer: Give it a brush off in the air. Brush woolen clothes often, in the direction of the grain of the cloth, inside and out, and in and around pockets and cuffs. Hang woolen clothes outdoors when weather permits. Hang clothes straight on hangers—zip plackets and button the top buttons. If you do not have a trouser hanger or wooden hanger with a cross bar on it, fold a piece of heavy cardboard over a wire hanger to hold the crease in trousers. Regular cleaning before clothes become badly soiled lengthens wear. Before pressing clothes at home, remove spots—a warm iron may "set" them so they will never come out. Steam press with a moderately hot iron, too hot an iron may scorch even through a pressing cloth.

Miss Edna Earl Sloan of Hearne visited in Cameron Saturday

Pounds of Planted Seed Should be Reported to AAA

Farmers who planted Willamette Vetch, Austrian Winter Peas or Melilotus Indica in the fall of 1944 from seed obtained from the AAA and are ready to turn or are turning the crop of pounds planted and whether a good growth was obtained to the AAA as soon as possible in order that credit may be given for the practice, according to A. L. Freeman, administrative officers of the Milam County ACA.

Where the seed was obtained from other than the AAA the receipts showing where the seed was bought and the amount of seed planted must be reported. Oats and barley seeded in the fall of 1944 and not to be harvested for grain must have the measured acreage reported. Rye-grass seeded in the fall of 1944 would require the measured acreage re-

ported also.

Melilotus Indica and Hubam Clover seeded in the spring of 1945 would require the measured acreage reported.

Mr. and Mrs. J. H. Angell, Jr., of Austin visited in Cameron over the week end.

"Keep the change"—

(A simplified Annual Report of the American Railroads in their third year at war)

In 1944, the railroads rendered to the American public the greatest volume of service ever performed by any agency of transportation.

For doing this job, received about 9 1-2 billion dollars. That's a lot of money—but most of it was earned by hauling tremendous tonnages of freight for less than one cent per ton per mile and carrying passengers for even less than before the first World War.

While the following figures shown are for the railroads of the U. S., they fairly well represent the situation of the roads in Texas and Louisiana.

Out of every dollar the railroads received—

38c was paid out in pay rolls.

29c was paid for materials and supplies of all sorts and other operating expenses.

19c was paid in taxes—federal, state and local.

7c was paid in interest, rents and other charges—a great share of which went to insurance companies, savings banks, endowed institutions.

2c was paid in dividends to stockholders.

5c was left over in "change" to cover all such things as restoring roadways and equipment after the war, paying off debts, and providing reserves for the improvement of plant and the modernization of service.

TYPE CLOTHING LISTED FOR COLLECTION DRIVE

Dan Collins, chairman of the United National Clothing Collection drive here, has announced the list showing types of clothing needed and how they must be prepared.

What is needed is good substantial used clothing, for both winter and summer wear. Although clothing need not be in perfect repair, it must be useful to the people who will receive it. Underclothing and all types of cotton garments should be washed before they are donated, but need not be ironed. (Evening dresses, tuxedos and dress suits can not be used.)

Most Urgently Needed are the following:

Infants' Garments. All types are in urgent demand, particularly knit garments.

Men's and Boys' Garments. Overcoats, suits, coats, jackets, shirts, all types of work clothes, including overalls, coveralls, etc., sweaters, underwear, robes, pajamas, knitted gloves.

Women's and Girls' Garments. Overcoats, jackets, skirts, sweaters, shawls, dresses, underwear, aprons, jumpers, smocks, robes, night wear, knitted gloves.

Caps and Knitted Headwear. Serviceable heavy duty caps and knitted headwear (such as stocking caps) are needed. (Women's hats, dress hats, and derbies cannot be used.)

Shoes. Either oxfords or high, or durable type with low or medium heels are desired. Shoes with high

heels open toes or open backs, evening slippers, and novelty types cannot be used. All shoes collected should be mated and tied securely into pairs.

Bedding. Blankets, afghans, sheets, pillow cases, quilts. These are needed urgently if in serviceable condition.

Usable Remnants, Piece Goods. Cut or uncut materials (cottons, rayons, woolens, etc.) one yard or more in length—but not rags or badly damaged dirty or worn-out fabrics.

Mother's Food

Recommended foods for the expectant mother include one quart of milk daily; two servings daily of green or yellow vegetables; two servings of fruits or raw vegetables every day; one egg daily; a large serving of lean meat every day; whole grain cereals and bread twice daily; more than usual amounts of water; and extra vitamin D secured either from sunlight or fish liver oil.

Jack Taylor of Oklahoma spent a few days with his mother this week.

Dallas Girl Married To T-Sgt. Brod, Jr.

Miss Ann Margaret Lamb and T-Sgt. O. J. Brod, Jr., were quietly married on April 2, 1945. The marriage vows were read by Judge Jeff Kemp of Cameron, a personal friend of both families.

The bride wore a brown suit with brown accessories. She is the daughter of Lt. and Mrs. T. C. Lamb of Waco. Mrs. Brod is a graduate of Yoe High School, and has had one year training at Scott & White Hospital in Temple. Up until now she has been employed at Southern Flight, Dallas. Her mother and younger sister live in Waco, and her father, Lt. Lamb is stationed in Great Lakes, Ill. He is a Postal officer over 13 States.

T-Sgt. Brod, Jr., is the only son of Mr. and Mrs. O. J. Brod of Ben Arnold. He finished Yoe High School, and one year in post graduate work. Had a course in Diesel Engineering,

and holds a diploma. T-Sgt. Brod entered the Air Corps in 1940, and received three months training at Kelly Field.

He also had one year at Selfridge Field Michigan. He went overseas in 1942. At the time of his enlistment he was engaged in the gin and farm business with his father at Ben Arnold.

Mrs. Buck Bonds is reported to be improving after several days of illness in the Cameron Hospital.

We repair any make or model radio. Parma Radio Service.

Cookies for McCloskey Will Be prepared by Church of Christ Ladies

Next week, beginning Monday, April 16th the ladies of the Church of Christ will prepare cookies for the boys at McCloskey Hospital. When your cookies are ready please leave them at the New Cameron Drug Co., or at the Red Cross room. If you have any fresh yard flowers they will be greatly appreciated too. The Camp and Hospital Council wishes to thank this Church in advance for helping to do this work.

Mrs. Bill Harvey is reported to be resting comfortably in the Newton Memorial Hospital.

"Makes a man stop and think!"

"Guess I've just naturally been counting on a new car as soon as victory rolls around."

"But they say it may be 2 to 3 years postwar before I can get one! Makes a man stop and think about saving his old car!"

"Luckily, I saw my Gulf man. He said if I let him treat my car regularly with Gulfpride* and Gulflex,** I could be pretty certain that mine will last!"

"Well, sir, I'm riding along with the finest lubrication money can buy and I expect to go on riding for a long time yet. So I'm not worrying!"

*GULFPRIDE FOR YOUR MOTOR

An oil that's TOUGH in capital letters... protects against carbon and sludge!

**GULFLEX FOR YOUR CHASSIS

APRIL 1-30

No Runts among these grunts

A LOT of credit goes to our Agricultural Colleges and Experiment Stations where men spend their lives working out improved methods of breeding and feeding. For example, E. F. Ferrin, head of the swine division of the University of Minnesota, recently ran a feeding test with seven lots of pigs. He found that too small an amount of protein in the ration produces more runts, slower gains and less profit.

All pigs in the test started at an average weight of 50 pounds and were self-fed without pasture for 14 weeks. All seven lots received the same kind of protein supplement which was tankage and soybean meal in equal parts with 10% alfalfa meal to supply adequate amounts of B vitamins. Some lots got a high-protein ration (18% of the total feed); others were cut down to 15% and 12% protein. As pigs get heavier, they need less protein, so in some lots the amount of protein was reduced as they gained in weight.

The best results came from an 18% protein ration until the pigs reached 100 pounds, and 15% protein after that weight. The hogs on low-protein rations made smaller gains and were more uneven in individual weights when the test ended. By just such careful experiments, the "know-how" of hog raising has reached its present efficiency.

E. F. Ferrin

There's More Money in Eggs

if you: 1) collect them often, 2) cool them promptly, 3) keep them clean. All this improves their grade and therefore means a better price to you.

SULPHUR FOR LAMB COCCIDIOSIS

Coccidiosis in lambs may be successfully prevented by the addition of ground crude sulphur to their feed in proportions ranging from 1/4% to 1 1/2% of the ration, claims the Idaho Wool Growers Bulletin. Effectiveness of this sulphur treatment has been demonstrated by the U.S.D.A. working in cooperation with large lamb feeders, the report states.

CATFISH CAN'T RAISE CORN

Nature has equipped catfish with feelers so they can find their way about in muddy, silt-laden rivers. Most of that mud and silt is rich topsoil from once fertile farmlands; the type of soil that should still be producing 50 to 100 bushels of corn.

Catfish can't use that fertile mud to raise corn, and that's too bad. Because right now, America needs all the corn it can produce. There's no need to let catfish have any part of your farm. Your topsoil can be saved. Soil conservation practices hold the raindrops where they fall, control water erosion, stop gullying, stabilize the soil. The Agricultural Extension Service of your State University will be glad to help you work out a special program to fit your farm.

Through soil conservation practices fertility is maintained, crops make better yields, carrying capacity of pastures is increased, more and cheaper feeds are provided for livestock. All this means more money in the farmer's pocket. Swift & Company believes that whatever helps livestock helps all of us—producer, meat packer and consumer. To you as a producer, we earnestly suggest that an investigation of soil conservation land management may be worth your while.

F. M. Simpson,
Agricultural Research Dept.

\$5-IDEA WINNER-\$5

1. Keep first aid articles—tape, gauze, iodine, etc.—handy in a glass jar in the kitchen, workshop or barn. Also keep nuts, bolts, and nails assorted as to size in glass jars.
2. Use a salt shaker in planting small seeds in vegetable or flower gardens. They are distributed more evenly.

—Z. A. Dine, Borger, Texas

U. S. IS TOP BEEF PRODUCER

Farmers and ranchers in the United States raise more cattle for beef than in any country on earth. We have a third more cattle than Russia, twice as many as Argentina or Brazil. There are actually more cattle in India, but there the cow is sacred and not used for food.

Swift & Company

CHICAGO 9, ILLINOIS

Keep Your Cream Checks Up!

If you've noticed that the cream content of your milk goes down at this time of year, it may indicate that your dairy cows are not getting all the feed they need for heavy production. Those first blades of grass aren't as good as they look, for they won't give the cows all the proteins they require. So don't turn your dairy cattle out to graze and expect them to take care of all their feed requirements with early pasture.

Supplement their spring ration of grass with grain and protein supplement mixture, and hay... grain and protein supplement for milk production, hay for necessary roughage. This tonic is sure to put new spring in the step of an undernourished cow.

The best indication of contentment in the dairy herd is the butterfat test of your milk!

\$5 IDEA Salvage metal pails or tubs which have holes in the bottom by pouring in a half-inch of concrete. Let stand a week before using. Makes them a trifle heavier, but serviceable.
—Mrs. A. L. Mishkin, Wellsville, Kans.

SODA BILL SEZ: That you can't make fat hogs on slim rations.

That money invested in War Bonds buys tanks today—tractors for you tomorrow!

A Martha Logan Recipe for PARTY-STYLE MEAT PIE

To serve four, buy 1/2 pound of table-ready meat loaf—either minced ham, New England cooked specialty or bologna. Dice. (Or, if you prefer, use 1 1/2 cups of cubed beef.) Mix 2 tablespoons flour with 1 teaspoon salt and dash of pepper. Dredge cubes of meat in flour mixture. Brown in 2 tablespoons of melted fat. Add 1 medium onion which has been diced, and brown. Combine with 1/2 cup each of cooked green peas and cooked sliced carrots. Cover with hot water or leftover gravy. Pour into a deep, wide casserole. Top with mashed potatoes. Bake in a hot oven (450° F.) about 20 minutes, or until potatoes are browned. Serve with a fresh fruit salad, hot rolls and dessert.

YEAR—
CATTLE GRUBS

IN THIS COUNTRY SPILL
ENOUGH LEATHER TO PUT
SOLES ON THE SHOES OF
ABOUT 12,000,000 MARCHING MEN

LOST! A MILLION EXTRA ANNUAL MEAT RATIONS

Approximately 200 million pounds of meat a year are being wasted as a result of bruises, crippling and death losses of livestock in transit to market, according to H. R. Smith of the National Livestock Loss Prevention Board. This Board has found that all of us who have to do with the handling of livestock can help save much of this needed meat by following these simple rules:

1. Inspect chutes, trucks and cars for nails and rough corners.
2. Do not overload or jam animals. Partition mixed loads of livestock.
3. Never beat or prod with whips or clubs.
4. When trucking, start and stop with caution; watch for bumps, ruts and sharp curves.
5. Check your load frequently. Livestock shift in transit.

By observing these simple rules, we can all cooperate in cutting down this loss of a million extra meat rations a year; and we can help contribute to the nation the additional meat supplies which it needs so greatly right now!

Personal Mention

Mrs. Gene Blake visited friends and relatives in Hearne this week.

Mrs. Harvel Hughes of Boerne visited relatives in Cameron this week. She also made a business trip to Dallas.

Mr. and Mrs. W. D. Bigbee of Palestine, spent the week end here with his mother, Mrs. L. Bigbee and Mr. and Mrs. Earl Burke.

Pvt. Adolph Abel of Camp Hood visited his wife at Buckholts for the week end.

Mr. and Mrs. Floyd Hargrove and daughter have returned to their home in Fountain City, Tenn. They were called to Cameron at the death of Mrs. Hargrove's brother, George T. Graves.

Mr. and Mrs. Allen Varner, Mrs. Pearl Partridge and Mrs. W. B. Webb of Gause attended the Methodist Conference in Cameron on Monday.

Jimmie Tongate Price, son of Mr. and Mrs. Tubby Price is spending a few days in Waco this week visiting in the home of Mr. and Mrs. Jim Tongate.

Mrs. Oscar Storey is ill in the Newton Memorial Hospital.

Mrs. Jennings Arnold and daughter Miss Mary Ruth, shopped in Cameron Monday.

Mrs. F. M. Mullinax of Rockdale was in Cameron Tuesday.

Mrs. Elwood Chamberlain of Walkers Creek is a patient in Cameron Hospital.

Mrs. Nona Bailey and two daughters, Misses Earledean and Boots of Houston are spending the week end in Cameron visiting relatives and friends. While here Miss Boots will go the Kings Daughters Hospital in Temple for a minor operation.

Dr. and Mrs. Clifford G. Swift will leave Sunday for New Orleans where they will spend several days while Dr. Swift will do Surgical work in the Charity Hospital and Ochsner Foundation Clinic.

Mrs. H. H. Haase of Buckholts spent the week end with her mother, Mrs. Leona G. White.

Mr. and Mrs. Otto Schrader of Sharp shopped in Cameron Tuesday.

TRACY 4-H CLUB

The Tracy 4-H club met Saturday, April 14, 1945, at the home of Virginia Belle Charles with the agent, Miss Lucille Cook.

The girls sang songs and then Miss Cook talked on "Entertaining Guests."

APRIL IN HISTORY

April 14, 1942—Liner Titanic strikes iceberg, sinks in Atlantic, 1,300 persons die.

Mrs. George Shurtliff of Sandy Ridge was a business visitor in Cameron on Saturday, and while here did some shopping.

"This Man's Navy" Is Exciting Film With Wallace Beery

Exciting adventure over the Atlantic and on the Burma frontier feature the new Wallace Beery starring picture, "This Man's Navy," which MGM is presenting at the Cameron Theatre Thursday and Friday.

Beery plays Chief Aviation Pilot Ned Trumpet, who loves two things: the lighter-tan-air service he has served for so many years—and telling tall tales. When Trumpet's friend, Chief Machinist's Mate Jimmy Shannon (James Gleason) brags about his son, Ned, not to be outdone, invents a son for himself and tells stories about his prowess.

Later, in a highly thrilling sequence, Ned and Jess meet again on the Burma frontier and thanks to his "dad's" training, the boy proves himself a real hero.

"This Man's Navy" will hold your interest throughout, with Beery and Drake at their best.

Indian Is Good Fighter, But Likes Chief Best

Than the American Indian there is no finer fighter in our army. He is a thorough soldier and that definition embraces obedience to orders. But deep within him pulses a primary tribal custom adherence which not even the army can obliterate. The Indian soldiers respects superiors in rank, but more deeply ingrained is a feeling greater respect is due his own chief.

When the famed 41st infantry division first moved out into the Pacific to grapple with the Jap it contained a complete company composed of Sioux, all from the same town of Poplar, Mont. Matters never seemed to run smoothly; there were slight frictions and an apparent discontent. Even the vauntedly stoic Redman was frequently caught muttering and complaining. But to the regimental staff the cause was baffling.

At length a quiet investigation revealed that the captain of the company was outranked according to Sioux social standards by a sergeant and, more, a rear-rank private was the top chief of them all. Rather than attempt to persuade the Indians they were living under new standards, an unobtrusive reshuffling of the unit's personnel was effected. They were scattered throughout the division.

THE STATE OF TEXAS COUNTY OF MILAM:

TO THOSE INDEBTED OR HOLDING CLAIMS AGAINST THE ESTATE OF SOPHIE ALBERT, DECEASED:

The undersigned, having been duly appointed sole and independent executor of the will and estate of Sophie Albert, deceased, late of Milam County, Texas, by the Honorable Jeff T. Kemp, Judge of the County Court of Milam County, Texas, on the 16th day of April, A. D. 1945, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having

claims against said estate to present them to him within the time prescribed by law, at his residence at 1627 San Felipe Courts, Houston, 3, in Harris County, where he receives his mail.

Given Under My Hand, this the 16th day of April, 1945.

GROVER H. ALBERT,
Executor of the Will and Estate of Sophie Albert, Deceased. 52-4tp

Stale Bread

You can utilize stale bread by making it into bread puddings or using it to thicken stewed tomatoes. Or, grate it and store crumbs in a jar. Crumbs can be used in extending hamburgers or scrambled eggs.
